EXCLUSIVE!

Jasmine Waltz's Thai trip!

The *CBB* star's Asian adventure!

SLOWLY BUT surely, we're figuring out how the stars of *Celebrity Big Brother* have been spending their fat fees for being banged up in luxury for three weeks or so. In his exit interview, Dappy committed to bagging himself a Lambo, and Luisa Zissman drove a lily-white Ferrari California off a forecourt a fortnight ago.

Jasmine Waltz has clearly dropped a couple of big ones on a jaunt to Thailand, packing only a handbag of tiny bikinis by the look. She travelled with that berk from Blue. Presumably, Casey Batchelor was on call next door, just in case.

"Yep! Absolutely bloody freezing!"

WET WALTZ!

JASMINE ON *CBB*!

Jasmine left the *CBB* house on day 13. She returned on day 23 and confronted Lee and Casey.

WAVE BABE!

"Ugh! I've swallowed half the sea!"

"I'll show those *Splash!* wallies how to dive!"

Sasquatch looked terrific in a two-piece

This way for more Jasmine pics!

"Hey, look everyone! I'm a train!"

Jasmine on... Having sex in the *CBB* house!

"Let's just say we did everything we wanted to do!"

Life in Hollywood!

"I'm known for stirring up a bit of trouble in Hollywood. I was once called a homewrecker and I'm really not."

Her boobs!

"I had a little bit over double DDs and I got a reduction, a lift and an implant to have small, perky ones!"

Her sex tape!

"I'm absolutely shocked that the public is now going to see what I made with my boyfriend on Valentine's Day."

Luisa Zissman!

"God, I miss her. I'd give my left t*t for a cuddle with her."

Being bisexual!

"I had a full relationship with a 17-year-old girl from Puerto Rico. She brought me out!"

Returning to America!

"I'm not sure, I want to hang around for a bit and have some fun with Luisa. I'll definitely invite her over to the States for parties!"

Having sex with David Arquette!

"It wasn't bad sex. But it wasn't emotional. It was quick and painless. Nothing exciting."

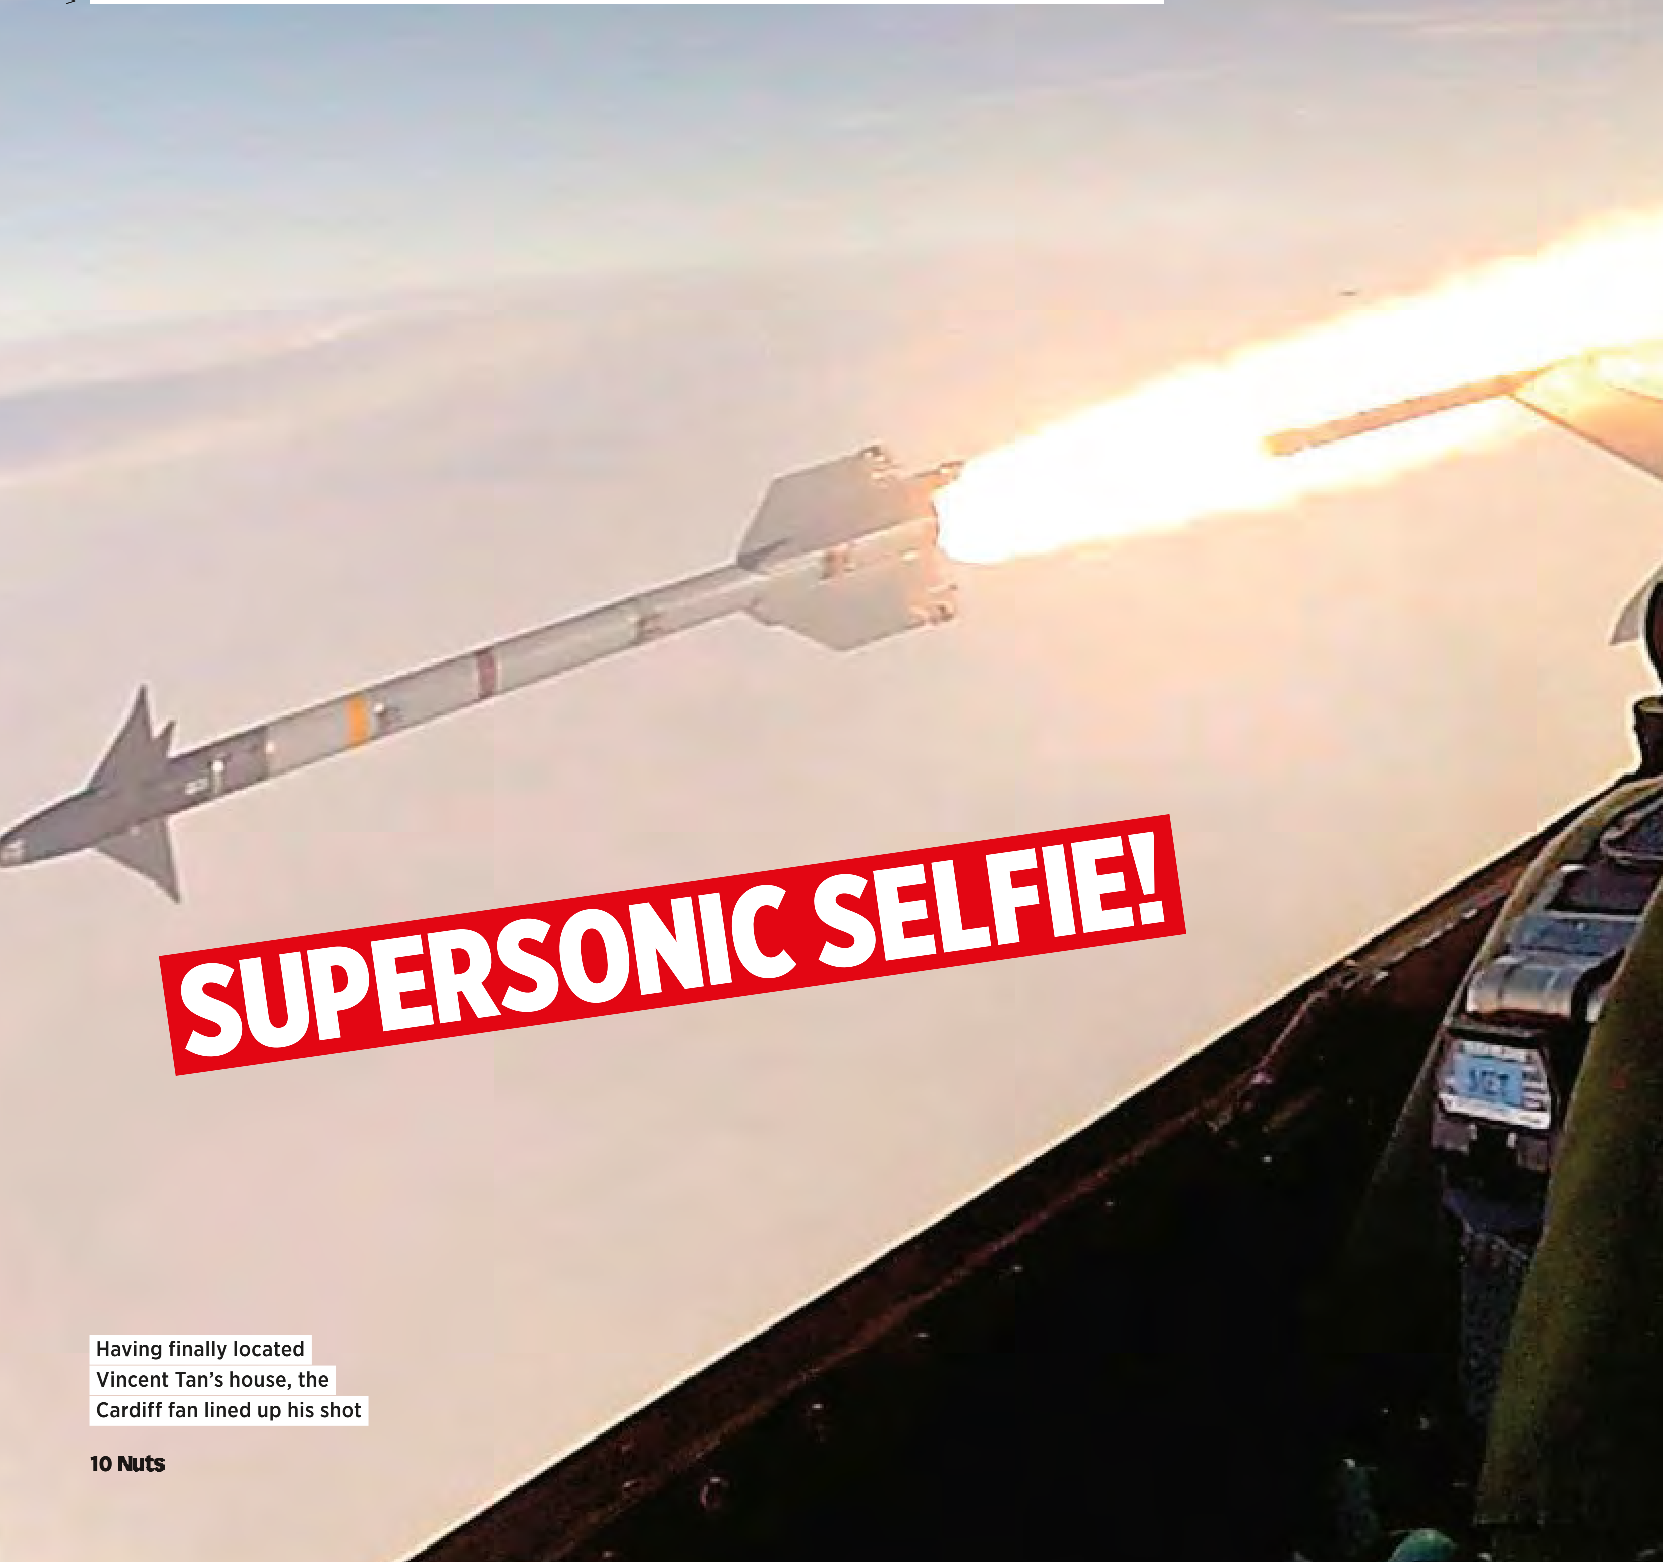
Amazing fighter pilot selfie!

Danish aviator unleashes missile, captures the moment for posterity

WORDS: RORY BUCKERIDGE PHOTOS: WENN, ALAMY

WE MAY have taken the world's best selfie last week (a dozen *Nuts* honeys, no bras, Oscars homage, see page 60 for back issues), but this Danish pilot is giving us a run for our money with this in-cockpit selfie.

It shows the exact moment one of F-16 pilot Thomas Kristensen's Sidewinder missiles leaves its hardpoint during an exercise where he has to hit a flare dropped by another plane. It would be disappointing if he's not an absolute *CoD* ninja, too.



Having finally located Vincent Tan's house, the Cardiff fan lined up his shot

F-16 facts

- The F-16 was the first fighter aircraft purpose-built to pull 9G manoeuvres and can reach a maximum speed of over Mach 2.
- **It was also the first aircraft designed to be slightly aerodynamically unstable, in order to improve manoeuvrability.**
- The AIM-9L Sidewinder missile weighs 85kg and is three metres long.
- **The pilot's helmet has a system which enables them to fire their weapons by pointing their head towards targets to guide them.**

Top Gear hits Oz!

May and Clarkson's japes Down Under!

WE'D LOVE to see the size of the cheque that prompted James May and Jeremy Clarkson to fly halfway round the world mid-series to host Top Gear Festival Sydney.

Two days of silly stunts and car porn, an audience of baying ex-cons, two middle-aged presenters... Rubbish on paper. In practice, awesome!

CAR BUNGEE!

Cancer Car ticked another item off its bucket list

1 CAR BUNGEE JUMPING!

Local radio DJ James Lund performed the world's first car bungee jump, driving his Micra off a 70 metre high platform. Then wobbling like a pendulum for five minutes or so.

Another ordinary day on the M25

The World Cup opening ceremony surprised critics

2 ANOTHER HALF OF CAR FOOTBALL

Recreating last year's pre-Ashes clash (which Australia won), May and Clarkson played two matches in their Robin Reliants, losing 4-2 and 5-1. The shame!

Tired after a hard day's racing, car had a little lie down

Rioting hit the Top Gear track

BARMY BURN-OUT!

3 BURNOUT IN A UTE

For no reason whatsoever, Clarkson came out in a Holden Ute, did some donuts, a couple of burnouts and then left, to a standing ovation!

The final stunt, extreme dogging, raised the roof

4 BIG MONSTER TRUCK VS LITTLE MONSTER TRUCK

In a silly stunt, James May tried to drive a remote control monster truck between the moving wheels of a real life monster truck. It didn't go well for three wee toys.

"Go on, this race is yours for the taking, Hamster!"

5 SUPERCAR VS ROCKET

Clarkson decided to take on a firework in a drag race from behind the wheel of a Lexus LFA. Clarkson lost every round. Still, science, eh?

"Oh Hammond! Forgot your booster seat *again*?"

6 SPEEDING UP THE POSTAL SERVICE

James May decided to speed up Australia's Express Postal service with a three-lap Postie Bike Challenge. This chap, Aussie stunt rider Matt Mingay, won.

1 So near, but yet so far. Our plucky parachutist is literally inches from landing safely.

Skydiver hit by plane!

Parachutist walloped by landing aircraft

SKYDIVING USUALLY has two dangerous bits – the jumping out of the plane bit, and the hitting the ground bit. That bit just before the ground? Usually OK. But not last week for luckless Florida parachutist John Frost, taken out by a passing Cessna – piloted by an 87-year-old Second World War vet – as it came in to land. Both were hospitalised with cuts and bruises, with Frost stating it won't put him off his hobby. Must try harder next time, eh, God?

2 Denied! Brilliantly named pilot Sharon Trembley catches Frost's chute with his wing.

Maserati's gorgeous Alfieri concept!

The prettiest car at last week's Geneva Show will go into production!

- **Italian motor maker Maserati is celebrating its 100th birthday in style with this, the Alfieri concept. A curvaceous 2+2 sports car – which bears a suspiciously close resemblance to Jaguar's F-type – it's named after the cleverest Maserati brother, Alfieri, who established "Officine Alfieri Maserati" in Bologna 100 years ago.**
- But we're assured that this is much more than a concept, as it's based on an existing model's running gear and stands to show the world what the next GranTurismo will look like.
- **The Alfieri shares its bones and vital organs with the current £110k GranTurismo MC Stradale, but has a 24cm shorter wheelbase. At 4.59m long and 1.93m wide it's slightly shorter and wider than Ferrari's California.**
- This is a car you'll never tire of gawping at. Inspired by Maserati's back catalogue (namely the 1957 3500 GT, 1954 A6 GCS-53 and 1959 5000 GT models), the Alfieri sports a long, flat bonnet and sloping rear glass that meets huge, flowing haunches over rear-driven wheels.
- **There's a 4,691cc 32-valve V8 living between the windscreen wipers and that trademark concave shark mouth front grille. Bolted to a bespoke exhaust system, 442bhp and 376lb-ft are on tap, so the Alfieri should be good for over 190mph and a 4.5 second dash to 62mph.**
- Despite harking back to the old school, this car does not look retro, but blue detailing on the forged 20in front and 21in rear wheels are a wink to the '50s vintage wire rims of old. The blue also extends to the front wheel arch triple air ducts, rear diffuser panel and exhaust tailpipes.
- **The signature of Old Man Alfieri has been sculpted into the number plate recess on the car's rear.**
- Attention inside revolves around a central touch screen. The two-tone dash hosts a digital, twin-dial instrument panel, with the cockpit finished off by an anodised, copper-coloured gearshift lever, and steering wheel spokes milled from solid aluminium. In contrast, the floor's finished in a material that simulates the oxidised steel finish found on vintage '50s race cars.
- **Maserati has a habit of building cars that don't drive quite as well as they look. Fingers crossed this won't happen when it goes into production, for around £115k.**

Cricket ball was having those nightmares again

EXCLUSIVE!

A quick word with Freddie Flintoff!

The all-rounder on hippies and spin classes!

Hi Freddie! You've just spent a month cycling through the Amazon rainforest. How sore was your bottom?
It was like a dragon's nostril! My bike didn't have any suspension, because you want to limit the things that can break. At home, I've got a bike with 20-odd gears. I had to cycle god knows how many miles on a bike with six. After about ten minutes, I was cursing every name under the sun.

Why did you go?
I thought, "You know what? A month riding a bike sounds great!" My daughter, who's nine, has just learnt about the rainforest at school. My five-year-old son has done it, too. I didn't go there with any preconceived ideas, I wanted to learn on my feet. Obviously, I play cricket, but sport is pretty self-indulgent, you're playing for pure fun. The trips I've done since retiring have been amazing, but this was really different. I got the opportunity to go somewhere I'd learnt about at school. Most of the stuff I do is pretty frivolous, but this has a serious message at the end.

Have you turned into a hippy, trying to save the rainforest?
Not really. Before I went, I was sceptical of bothering to use the recycling bin. But the people of Brazil need to live, and the rainforest goes towards that. However, there's a right way to cut down the trees. The message isn't you can't do it, but you have to do it responsibly. Hopefully, people will watch and get into the importance of the rainforest.

At one point, you go panning for gold. Did you make your fortune?
I found a little bit, actually. The thing is, they're not hoping to find millions of pounds of gold. They just want to find enough so they can feed each other and live. I found a little hunk of gold, about 30 quid's worth. I'm not sure what the exchange rate is, so it was probably quite a lot to those people, but they insisted I keep it. So that's my wife's Christmas present sorted!

Did any of the Amazonian rainforest people recognise you off the telly?
They kept saying to me, "You're that fellow of the Jacamo ads." Ha!

Thanks for the chat, Freddie. Finally, have you cycled since you got back?
I did a spinning class yesterday, but that's quite different.

And has your bum made a full recovery?
It's getting there!

● *Flintoff's Road To Nowhere,* begins Friday 4 April at 9pm on Sky1/HD.

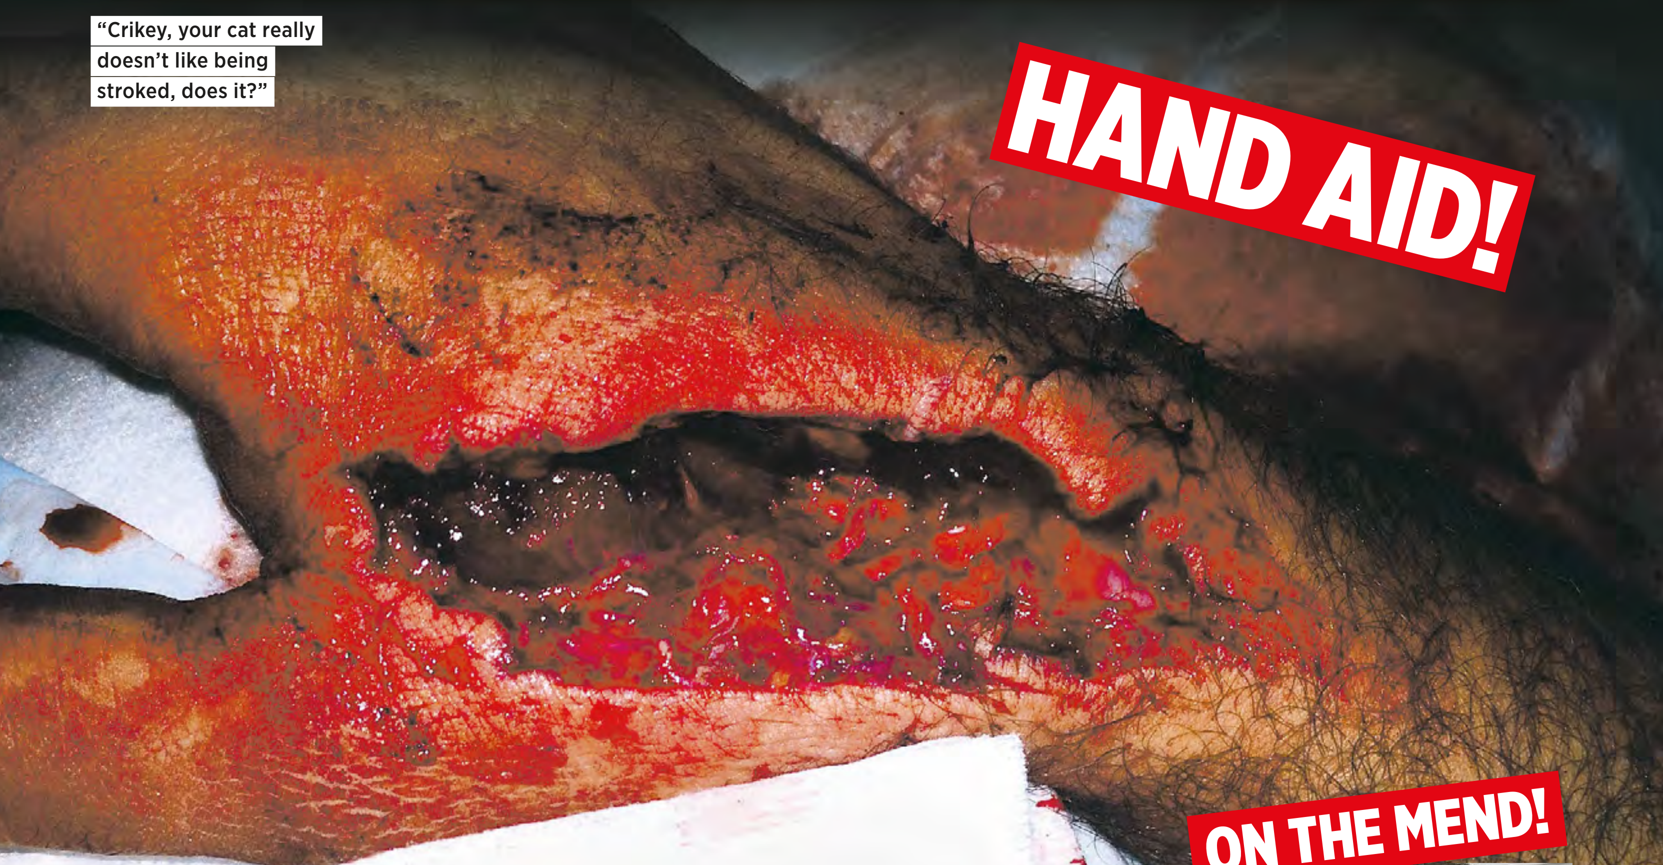
FREDDIE TREK!

Now retired, from cricket, Flintoff has turned his hand to boxing and is now a TV personality.

INTERVIEW: RORY BUCKERIDGE PHOTOS: CAMERA PRESS

Don't look!

The page that makes you go, 'Eurgh!'



"Crikey, your cat really doesn't like being stroked, does it?"

'The blade caught my hand and pulled it in!'

Proof that you shouldn't try to multi-task when using a chop-saw!

WE MEN have a weird gene that means that we never believe it when one of our mates tells us he's seriously hurt. We need to see severed limbs and fingers on the floor before we'll believe them.

One man who can attest to this is Kez Powell, a 25-year-old landscape gardener from Rushden, who had his Christmas somewhat sullied by a clash with a chop-saw.

"I was cutting down some decking and went to turn the radio over," he explains. "When I turned back to the job, the saw's guard wasn't in position and the blade caught my hand and pulled it in.

"Luckily, I had five mates working with me. Once they saw all the blood spraying everywhere and realised that I wasn't taking the p*ss, they had the good sense to pat me down for the van keys and get me to hospital. It was a bit hectic, though. I needed 16 stitches and I've severed a nerve, so half my hand is numb. Other than that, I'm OK."

We're glad his mates put Kez's health before finishing their gardening job, proving once and for all that it really is bros before hoes. Ha!

"No, I'm not David ruddy Coulthard!"

When Holly met Stacey!

Two booby brunettes, one sexy shoot!

▸

> **“Glamour models are never anything like people think!”**
> Stacey Poole

▶

Hello girls! You're both looking awesome today. Are you enjoying the shoot?
Stacey Poole: It's amazing! It's really just another excuse to get into trouble with another *Nuts* girl – and the pictures look great from what I've seen. Another day at the office, really!
Holly Peers: It's been totally awesome. I got to dress up in some really sexy lingerie, which is always good. I love Stacey, too. She's funny, northern and has big boobs – so we have a lot in common.

What's your favourite bit about *Nuts* shoots?
Stacey: I just love any opportunity to shoot with other *Nuts* girls. They're all down-to-earth, genuine girls. Glamour models are never anything like most people think.

Where would your ultimate fantasy shoot take you?
Holly: That's a tough one – Thailand sounds good, though. It's so beautiful and I'd love to do a beach shoot there. Every year when I shoot my calendar, the sizzling beach shots are always my favourite.
Stacey: Ibiza would be a good one – but with all the girls involved. That'd be pretty epic!

Which sexy celeb would you rope in for a shoot?
Holly: I'd love to hang out with Rihanna. When I was in Vegas, we got chatting to the person who organised her concert tours and he said RiRi would love hanging out with us. He said, "She loves girls with big boobs who love to party!" Me and the other girls couldn't stop laughing when he came out with that.
Stacey: The time I met Keith Lemon on a *Nuts* shoot was incredibly surreal. He stayed in character the entire time. And he kept getting shouted at by the photographer because he wouldn't do what he was told. He's a legend, despite having appalling dress sense. ▶

> **"I love Stacey. She's funny, northern and has big boobs!"**
> Holly Peers

So what's a fashion faux-pas in your book, then?
Stacey: It's been said a million times, but socks with sandals. That's very bad times. I've seen fellas wearing them, and it's truly appalling. Another thing that all women agree on is that if you wear a suit, it has to be matching. If it doesn't, you'll probably end up looking like our mate Keith Lemon when he's on *Celebrity Juice*.

Loads of *Nuts* girls have done reality telly recently. Will either of you be following suit?
Stacey: If I had a choice, it'd have to be *I'm A Celebrity...* without a doubt. I'm pretty sure I'd struggle on the tasks, but at least I could look back on the experience and know I'd done something I'd never done before. And I haven't been to Australia and really want to go.
Holly: I'd be anxious about how I'd come across. I'm quite outspoken and dry-witted and some people can take that the wrong way. But I loved watching Helen Flanagan on *I'm A Celebrity...* She's hot! I'd definitely act like her if I went into the jungle. We're both northern and I totally relate to how she acts and the funny things she comes out with.

Finally then, what was the last thing that made you laugh?
Holly: When am I not laughing? Ha-ha! I have seen some incredible Vines lately. There was one of a local news report from the States, but there was some old guy in the background meowing like a cat. The reporter didn't have a clue. I'm also really into panel shows like *Mock The Week*. Anything on Dave is right up my street. But most of the other *Nuts* girls would agree with me that *Celebrity Juice* is probably the funniest thing on telly. I love Keith Lemon, but I reckon I love his girls even more. I'd want to be on Holly Willoughbooby's team. I wish I got to see more of her, but I'm never out of bed early enough to watch *This Morning*!

My mum says... STAY AWAKE!

The chart-botherer on fighting rappers and being a kid again!

Hi Example! You've been to India to donate a new water pump. Were you thinking charity equals free holiday?
It wasn't a holiday. I went out for four days with my mate who runs life-water.co.uk. He said, "Do you want to come out?" I thought, "I bet everyone says, 'I'll come, don't worry,'" so I thought I'd actually come. It was two flights, a six-hour drive, then two hours' drive a day. I had curry for breakfast, curry for lunch and curry for dinner. Touch wood, my stomach was all good!

Do people look at you with your Australian model wife Erin McNaught (below right) and assume you've won some sort of competition?
Yeah, I won a competition to charm a woman who in her country is equally rich and famous as me. So I f**king smashed it. If Erin was general public, there could be an argument that she's with me for who I am. But she didn't know who I was. She interviewed me on her radio show and had to Wikipedia me. She thought I was a bit funny looking, which I am. The rest is history!

Would you consider releasing a single together for Christmas?
She used to be in a band and play bass and do backing vocals. If I wanted to do a duet, I could do it with her, but I expect people would think that sort of thing was a bit tacky.

You urban rapper types always seem to have silly beef on Twitter. What would happen if you all had to live together for a week in the real world?
I could live with Wretch 'cos we get on really well. I get the impression that Tinie [Tempah] might be super-anal because he's always so well turned out, so sharp. I'm a bit of a clean freak, but I reckon Tinie's house looks like something out of a catalogue. Professor Green is quite homely now he's married. He likes his home cooking, his sofa and a night in. It would be interesting to see if Tinchy [Stryder] wore his sunglasses in the shower. Judging by Dizzee Rascal's Instagram, the house would stink of weed and it would be full of girls' backsides, twerking.

You're still a Fulham fan, we see. If you managed England with musicians for players, what would be your tactics be?
You'd want someone big in goal, like Calvin [Harris]. He's Scottish but his mum's English, so he'd be one of those Scottish players who goes to England. I'd have the whole of One Direction across the midfield, just for the line-up when they put up the faces on Sky. Then Union J at the back, and me up front with Paul Weller.

You recently shaved your hair. Does the carpet match the curtains? So to speak.
I've got a hairy chest, hairy balls, a hairy arse crack and hairy legs but I haven't got a hairy back. I've got three mini hairs poking out, which I get my missus to shave like some weird ponytail. I shaved my balls once, about seven years ago. I thought it was a good idea. My girlfriend at the time went, "What the f**k did you do that for?" So she must have preferred licking hairy balls. I haven't trimmed them since. I have pubes as long as my dick now!

Crikey! Speaking of old flames, have you seen that woman on Twitter who's complaining she's got your old phone number?
I'd imagine it was from a period of my life when I was single because apparently a lot of the texts are, [does questionable accent] "Hiya, it's Debbie from Doncaster, remember me from your gig in 2008?" Or it's people thinking, "I've got Example's number" and just texting, "You're a c**t," "You're a f**king mug." She also gets people calling her, claiming they've had my baby. "I can't believe you haven't got in touch since that infamous night in Carlisle." Ha! That's not true.

Did you really make the spaceships for *Star Wars Episode III: Revenge Of The Sith*?
Not spaceships. Lightsabers and blasters. I got a job at Fox Studios in Sydney on my gap year. I made bits of lightsabers, which went to other parts of the workshop where other people finished them off.

So if Yoda phoned up and went, "Broken my lightsaber is!" could you help?
Yeah, I could probably fix it. You're proud of that question, aren't you?

We are! Thanks for the chat, Example. Finally, your new single is called *Kids Again*. What would you do if you were a kid again?
I'd go even wilder. I was a running, jumping, climbing trees kind of child. I was big into rollerblading, skateboarding and BMXing. I used to be obsessed with fires, too – I was a bit of a pyromaniac. I used to shoot pigeons with my airgun. I'd go back and shoot less pigeons and set more things on fire.

● Example will be at The Great Escape music festival in May. His new single, *Kids Again*, is out now.

‘I FELL FROM 800FT HIGH & LIVED!’

How one Brit bloke stepped off an 800ft cliff and survived!

MEET OLLIE Daniel, 25, from Cambridge, who fell 800ft down a mountain and lived to tell *Nuts* the tale. While trekking in severe weather in Scotland’s treacherous Cairngorms, Ollie was leading a party out when he literally stepped off a cliff in poor visibility. In the free fall, he suffered seven broken ribs, a broken wrist and a punctured lung. Here, he talks to *Nuts* about his miraculous escape from death...

Ollie fell 800ft from Ben Macdui in the Cairngorms

Hello Ollie. How many of these treks had you been on before this fateful one?
I'm pretty experienced – myself, my Dad and Hamish, my mate, had been to that exact spot before at Ben Macdui. It's the second highest mountain in the UK. The area's more of a plateau than a mountain – it's very flat at the top. On a clear day, it isn't a difficult climb.

How bad was it up there?
It was knee-deep in snow, with 40mph headwinds. Even by 2pm the visibility was awful. You're so high up that you're within snowing clouds, so you're in a constant spindrift. Your goggles ice up and you can't see more than a metre in front. Everything's white. There's no horizon and your eyes start playing tricks.

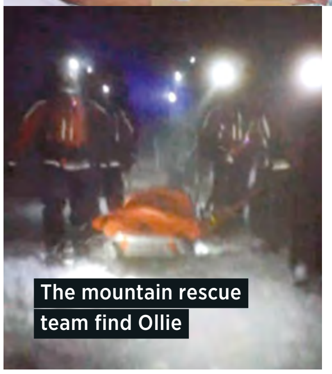
Tell us about the fall...
I literally walked off the cliff! We weren't where we thought we were. Even though we were using GPS, you can still make a small mistake and get in trouble. The first thing I was aware of was treading on some snow and it disappeared. There was an awful moment of realisation that there was no rock and then I was falling.

Describe your thoughts at that exact moment...
I knew within a split second that I'd gone over the edge. Realising it was around 800 feet, I thought, "This won't end well." I tried to dig my axe into the rock face to halt my fall, but it got ripped out of my hand. At that point I wasn't able to do anything, just protect myself as I fell.

How long did you fall for?
There was a mixture of sliding and falling, picking up pace then whacking into things. There was no screaming or life flashing past my eyes, and my main concern was protecting my head. I was airborne at different times for about four seconds, which is utterly terrifying when you think how far you fall in that time. We later worked out I must have fallen around 25 seconds in total.

How did you not die?
The cliff curves towards the bottom and there was a lot of snow, so I didn't just smack the floor – I bounced and rolled. Once I stopped, I tried each limb to see what I could move. I didn't feel anything break, but as soon as I moved, my ribs crunched and jarred, so I knew they were broken.

Ollie suffered nine broken ribs in the fall



The mountain rescue team find Ollie

What other injuries did the fall leave you with?
My nose was bleeding horribly. I lay on my front for about 15 minutes trying to get it to stop. I did a spot check and thought my wrist and ribs were broken but the really dangerous thing was that my lung had collapsed and my liver was damaged. I was actually in quite a bad way. I couldn't even blow my whistle because my lung was shattered.

Were you lucky you fell where you did?
The Cairngorms is about the best place you can hope to get rescued. There's a ski resort and mobile phones still work up there, so the moment I fell, my dad had rung for help and given the rescue team my coordinates. Luckily, my dad didn't try to climb down and had stopped Hamish trying to reach me, too – there would be no hope of reaching me on foot and the snow muffles any shouting. There was no way of knowing where I was and they might have missed me.

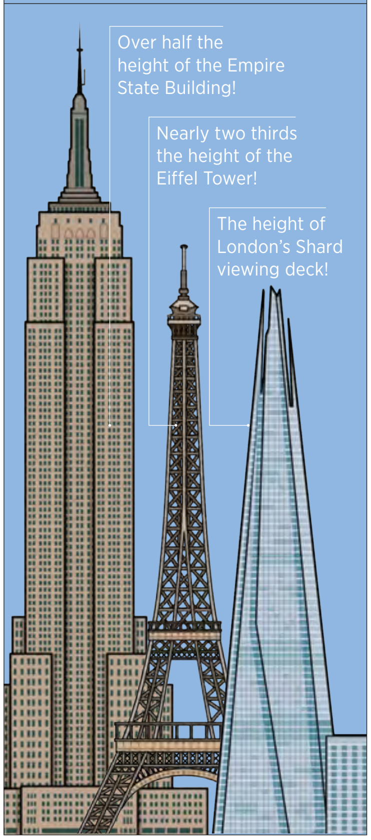
So, you've got broken bones and are 800ft from safety. What happened next?
Luckily, I had quite a lot of supplies – four lights, a sleeping bag, some water and the sheets from a tent. I hunkered down behind a rock and lay under the tent, which I hoped would make me more visible. Then I tried to second guess what my dad and Hamish would do. The worst-case scenario was they wouldn't be able to get mountain rescue and so would have to walk back for 36 hours to get back to camp. If that had happened, I would have died.

How long did it take for your to be rescued?
I could hear the helicopter below me in the valley. I knew that they couldn't get the helicopter any higher because of the weather. It was a relief knowing they were looking for me, but horrifying they might get within 20 feet and never see me.

So the helicopter missed you?
Yeah, so I lay there for four hours. The sky suddenly turned orange because of their flares, and there was an incredible moment where I was about to be found, but also a fear that they would walk straight past, but they had been following my track marks in the snow. They had found my impact mark – a huge puddle of blood – and tracked me from there. They packed me into a giant vacuum bag and got me off the mountain. I can't tell you what that was like – it was just incredible. The mountain rescue were faultless.

And now you're going back up another mountain...
We were in the Cairngorms to prepare for climbing Mount Elbrus in Russia, the tallest peak in Europe, which we climb later this year. If you fall off a skateboard you have to get back on!

How far Ollie fell!



Over half the height of the Empire State Building!
Nearly two thirds the height of the Eiffel Tower!
The height of London's Shard viewing deck!

EXCLUSIVE!

Lucy Pinder!

It's the queen of boobs in a sexy solo shoot!

▸

▶

“It’s great to have other hot girls to bounce things off!”

Hey Lucy! How have you enjoyed shooting solo today?
It’s been fantastic. I got to wear a lot of very elaborate lingerie in a beautiful old Victorian house. I wanted to take some of the underwear home with me but my boobs are kind of too big – it gets a bit uncomfortable wearing some of those things outside of a photo studio!

Do you enjoy shooting alone, or do you like being mischievous with other girls?
I think I prefer doing stuff with other *Nuts* girls, as it’s great to have some other hot women to, ahem, bounce things off. We always just have such a laugh. But I’m happy to do solo stuff for the loyal readers as well.

If you could style a shoot in the sexiest way possible, what look would you go for?
Beach bikinis are my usual favourite. I was discovered as a model on a beach so that may have something to do with it. Plus, if I’m doing a beach shoot, there’s a good chance I’m going to be able to fly somewhere hot to do it.

What’s new with you since you were last in the mag?
I’ve been filming a part in a new short film that comes out in May called *The Seventeenth Kind*. It’s got ex-Doctor Who Sylvester McCoy, Brian Blessed and Miriam Margolyes in it, so lots of old-school actors.

Can you tell us about the plot?
I play a shopping channel presenter who thinks she’s going to hit the big time because she’s sleeping with the boss. It’s a sci-fi film and it was great to do. The only bad part was that I didn’t get to meet Brian Blessed. Hopefully, I’ll be able to do some press conferences with him when the film’s released though. I’d quite like to ▶

►

“I’d love to do some more films and TV stuff!”

▶

stroke his beard. Sylvester's a great entertainer, by the way – he was always doing magic tricks for us between takes.

Miriam Margolyes was on *The Graham Norton Show* last month and seemed like a right nutter. Did she tell you any funny stories?
Yeah, she's great. But she really hates sci-fi. And she kept saying so!

Do you plan to take over Hollywood after this movie comes out?
Well, I'm realistic. I don't see myself becoming a big Hollywood star or anything like that. But I would like to do some more films and TV stuff. There are things in the pipeline but I can't tell you anything yet, mainly because I'll look a bit stupid if any of the things fall through and don't get made.

What do Americans make of our sexy British *Nuts* girls?
I think there's a slightly old-fashioned beauty to the British *Nuts* girls, which people in America seem to be really picking up on – though Brits tend to be doing quite well in America at the moment in lots of things. If I can help bring great boobs to the new American invasion it would be an honour.

We see you've been banging the drum for tigers recently. What's this campaign about?
It's called Tiger Time Now and it's something I'm trying to spread the word about to stop exploitation and slaughter of tigers.

Can you tell us an awesome fact about tigers that we wouldn't already know?
It's not awesome at all but did you know that in China there's a black market trade in tiger penises, as there's a belief that if you eat one as a man then you'll turn into a tiger yourself in the bedroom. It's absolutely absurd that stuff like this still happens in the 21st century. ►

“Beyoncé is such a beautiful woman!”

▶

What's the most awesome thing you've done recently?
I went to see Beyoncé at the O2 the other week. She's just such a beautiful woman. She's so wild on stage but kind of reserved off it. She oozes class.

And what can you tell us about this road-trip you're going on later in the year?
I'm doing a rally from London to Ibiza in September with Emma Glover. The plan is simple – drive to Ibiza and then have a huge party.

In an ideal world, what will this magical party be like?
It would have all the *Nuts* girls there as standard. And you'd have to throw it around a swimming pool, so everyone can just hang out in their bikinis or take their tops off.

Do you always have a cheeky look at other girls on holiday?
Yeah, I reckon girls do check out blokes and other ladies on their jollies. I know that I tend to keep an eye on the ladies. In Ibiza last year, I found it difficult to take my eyes off all the hot girls, so I can't imagine what it'll be like with Glover in her sexy swimsuit!

Are you feeling just that little bit more summery after our unseasonal warmth last week?
I am. People are in a better mood – you can tell. I've always thought that we're a nation of people who suffer from seasonal affective disorder. Britain really seems to come to life when it's a little bit warmer. We all head for the beer gardens. And people look healthier and sexier, too.

Thanks for the chat, Lucy! Finally, who would be the best and the worst people to share a long car journey with?
The worst would be that MP Harriet Harman – I absolutely can't stand her. And the best would probably be Leonardo DiCaprio. I think I'd want to invite Henry Cavill too. He might have to sit in the back, though!

10 RUDE QUESTIONS!

And a real girl to answer them!

Danni

19 Essex

1 Where's the best place you've ever had sex?
"The most exciting place I've ever got down to it has to be in the cinema a little while back. Even though it's very public, it can be the perfect setting for naughtiness – it's just a big, dark, quiet room, really! And the risk of getting caught just makes the thrill that much more exciting and hot."

2 What's your trademark move in the bedroom?
"When it comes to sex, I sometimes like to be on top, as it shows who's in charge. Then, in that position, I can pinch the guy's nipples and drive him wild. Trust me – it's only a gentle pinch, but I've been told it's a major turn-on."

3 What turns you on?
"I get uncontrollably turned on when things start to get a bit playful and rough. There's nothing better than when your lover gets really into it and gets the blood pumping. It's like play-fighting during sex. I love it, and I love being in control of it!"

4 What's your favourite position?
"Doggy style is my all-time favourite. The arched back, the bum up in the air – it's amazing. And then it's always good to have a pillow in your face to bite on when things get really intense!"

5 Is it better to give or receive?
"I'm a selfish lover – but in a good way. It's definitely better to sit back and enjoy receiving pleasure. I think all women should receive more – it's good to get what you want. Although I do give and when I do, I give good!"

6 What one thing would you like to try that you haven't already?
"I think this is everyone's fantasy, but I'd really love a threesome. It would be hot with another girl and one other guy. I could just imagine how excited the guy would be, though!"

7 Have you ever got it on with another girl?
"Yeah, a few drunken snogs with girlfriends. Me and my sexy friends like to tease the boys when we're out by having a cheeky kiss."

8 What's your sexiest outfit?
"I have a naughty police woman's outfit that I bring out on special occasions. It comes with handcuffs, a baton and sexy suspenders. Anyone who's naughty for me will be handcuffed... to my bed!"

9 Have you ever made a rude video?
"Of course! Making a sex tape is fun. It's great to watch them back and see how sexy you look. It's good to be a bit naughty!"

10 What's the rudest thing you've ever done?
"At a party, we were playing dares and mine was to have whipped cream sprayed over my naked body and my friend lick it off – in front of everyone!"

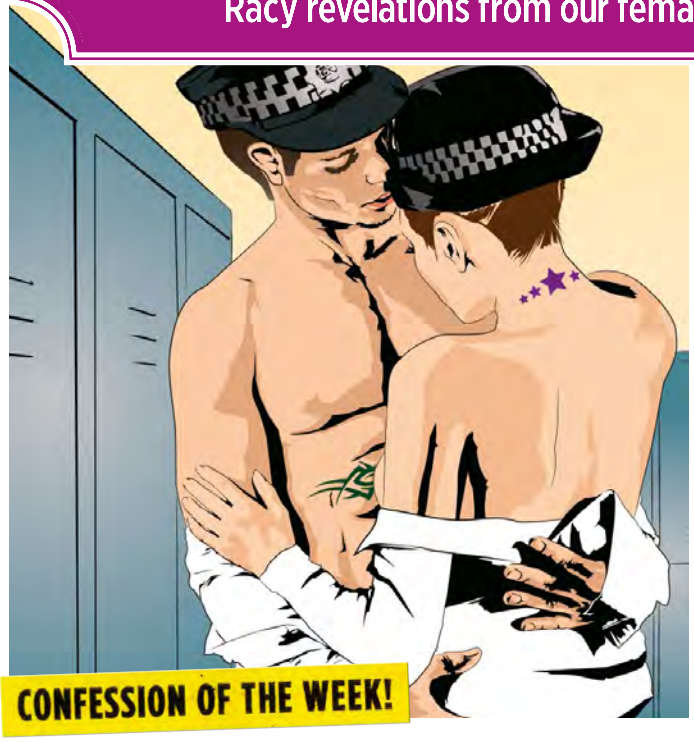
LADIES CONFESS!

TO OUR SECRETARY!

Racy revelations from our female readers!



CONFESSION OF THE WEEK!

'He admired my tattoo'

AFTER A late shift at the police station, I was getting changed when a fellow officer came in. I was shocked at being caught but he just told me he liked the tattoo on my neck and pulled up his shirt to show me his. His stomach was ripped and I blushed as he asked to look closer. He gave my neck a stroke, sending shivers through me. I could see he was turned on, so I unzipped his flies, slipped to my knees and took him in my mouth. Afterwards, we quickly adjusted our uniforms and hoped there was no evidence to report us!

Dawn Barking

'My after dinner treat'

MY MAN and I had been out for a dinner party with some of his work friends. It was pretty dull, so I whispered that I wanted to go home and be naughty, so he made our excuses. Before we left, I went to the loo, removed my knickers and discreetly placed them in his hand. He had a big grin on his face and we raced into a taxi. As the driver gabbled away, he put his hand between my legs and gave my mound a rub. I was really wet so he slid a finger inside me, while I rubbed his stiffy through his trousers. I couldn't take any more so I had to push his hand away and wind down the window a little, as I was feeling very hot. We couldn't get out the car fast enough and get our kit fully off indoors!

Sarah Essex

'Old friend got me hot'

I MET up with an old school friend to do some shopping and catch up. We stopped for lunch and laughed about the old days, including a few snogs we'd shared. I flushed as I told her how great she still looked. We walked back to mine so she could call a cab, then when she went to say goodbye, she kissed me on the lips and it felt nice. I made a move and soon we were kissing with tongues. I felt my nipples go hard and I could feel that hers were, too. I was so horny, I pulled her back into my hallway and soon she was going down on me. It was the greatest and loudest orgasm ever. I just hope the waiting cabbie couldn't hear!

Nuts HOOK-UPS CONFESSIONS!

"I found a hot local guy on *Nuts* Hook-Ups and couldn't wait to meet him. Then, after a long day at work last week, I got home late and bumped into him on the stairs up to my flat! He'd decided to pay me a visit and was about to leave as I was out. We smiled and my gaze rested on his crotch a moment too long and before I knew it, we were kissing passionately. Then he started lifting up my skirt, so I unzipped his jeans and released his erection. He whipped on a condom and took me bent over the stairwell. As my climax approached, I noticed my neighbour walking up with her shopping, so I pulled him back to my flat to finish him off. I'm glad I didn't get home a minute later!"

EXCLUSIVE!

Twenty20 World Cup Preview!

Cricket hero Matthew Hoggard's view on the ICC World Twenty20!

INTERVIEW: JOE BARNES
PHOTOS: ACTION IMAGES, PA PHOTOS, GETTY IMAGES

THE TWENTY20 World Cup in Bangladesh is just around the corner, so expect to see loads of huge sixes raining down on the crowd, bowlers trying to remove the heads of batsmen – and don't forget to catch a glimpse of the cheerleaders! *Nuts* spoke to former England fast bowler Matthew Hoggard to give us the lowdown on what to expect.

- England begin their campaign against New Zealand on 22 March, 1.30pm, Sky Sports 2/HD.

WHITE KNIGHT!

Hoggard played first-class cricket for Yorkshire for 13 years. He later played for Leicestershire.

WEST INDIES

"The Windies are the current World T20 champions and have come off the back of a solid series win against England. They've got a massive danger for anyone in Chris Gayle – that fella hits it miles! Dwayne Bravo is another huge player for them. He's a lively bowler who scores runs with a good strike rate. They're a team to watch, with strength and depth in their squad, and they love this form of cricket."

KEY BOWLER: **DWAYNE BRAVO**
KEY BATSMAN: **CHRIS GAYLE**

SOUTH AFRICA

"The South Africans have some real hitters in AB de Villiers and co. Dale Steyn and Morne Morkel are two of the world's best quick bowlers. On top of the specialists, they've got plenty of all-rounders to complement both departments. The only problem is the lack of a quality spinner, which you need in Bangladesh. They'll probably go with Imran Tahir but he's a gamble – I've seen him go for big runs before."

KEY BOWLER: **DALE STEYN**
KEY BATSMAN: **AB DE VILLIERS**

NEW ZEALAND

"They might not have the match-winners who you'd consider out-and-out big guns like the other sides, but you've got to take into account Brendon McCullum's form. He's on fire right now and has scored loads of runs in T20 cricket before. These lads play as a unit, with a real fighting spirit, so they'll be one of the harder sides to overcome. It's just a shame they lack a spinner or they'd be right up there."

KEY BOWLER: **TIM SOUTHEE**
KEY BATSMAN: **BRENDON MCCULLUM**

GAYLE

VILLIERS

SOUTHEE

INDIA

"India are real contenders. They suit the conditions and with all the IPL cricket that's played over there, they're experts in this form. They've got quality spinners, perhaps the best. Ashwin's off-spin really suits the slow wickets that you expect to find in Bangladesh, and he's only part of their slower attack. The big batsmen for them, Virat Kohli and captain MS Dhoni, finish an innings with a bang."

KEY BOWLER: **R ASHWIN**
KEY BATSMAN: **VIRAT KOHLI**

ENGLAND

"England haven't been in great form leading up to the competition, but it's all about coming into form at the right time with T20 cricket, so there's still hope. They've just got to pick a settled side but injuries are a problem. Joe Root is out and captain Stuart Broad is a worry. The boys won't let themselves be a walkover and are capable of beating anybody on their day, but they're nowhere near the favourites."

KEY BOWLER: **JAMES TREDWELL**
KEY BATSMAN: **JOS BUTTLER**

AUSTRALIA

"Australia are very similar to South Africa. They're playing some fantastic cricket at the moment. Their opening batsmen, David Warner and Aaron Finch, are very dangerous and can whack the ball out of the park. They just prefer to face quicker bowling! Mitchell Johnson is another player you can't say a bad word about – he bowls fast and can score runs. The only problem is the spinner again."

KEY BOWLER: **MITCHELL JOHNSON**
KEY BATSMAN: **AARON FINCH**

Hoggy's verdict!

"Twenty20 cricket is great viewing for one reason – it's unpredictable. We just don't know who'll win, but we do know we'll see the ball being smashed out of the ground and plenty of rattled stumps. **India** are a team that have a great chance though."

EXCLUSIVE!

Mourinho vs Wenger: inside their minds!

Managerial heavyweight Neil Warnock on what goes on inside Jose and Arsene's bonces!

CHELSEA BOSS Jose Mourinho and Arsenal's Arsene Wenger have been involved in a slanging match in recent weeks, so with the clubs facing each other this weekend, we asked Neil Warnock to talk us through what's going on in each manager's head...

● Chelsea vs Arsenal, 22 March, 12.45pm, BT Sport 1/HD.

MAN IN THE MIDDLE!

As well as managing 13 clubs over a 33-year career, Neil's also a fully qualified ref!

JOSE CALLING WENGER 'A FAILURE'!

"I think Jose's got it completely wrong here. We owe Arsene an awful lot for how he's helped to develop the game in this country, from all the modern fitness techniques we see to the diet plans. That was all down to Wenger!"

HOW HE'LL TRY TO BEAT WENGER!

"You've got to get among Arsenal, get stuck in physically and close them down quickly to stop them getting comfortable on the ball. We did this really well at Sheffield United and had some good results against them."

MOURINHO'S TACTICAL NOUS!

"Mourinho's a tactical genius. His ability to change the game with a subtle change or a substitute is second to none. He's turned John Terry back into a really good defender and Hazard is on fire right now, and that's Mourinho's doing."

WHY JOSE LOVES A BUST-UP!

"Bust-ups motivate managers and Jose's a master of using them to his advantage. He may seem flustered and annoyed, but he keeps calm. He'll sit there chatting to the referees or linos, and in future games, that might influence them."

INTERVIEW: JOE BARNES PHOTOS: ACTION IMAGES, REX FEATURES, GETTY IMAGES, PA PHOTOS

MOURINHO

WENGER CALLING JOSE AN EMBARRASSMENT!

"I'm a fan of Jose but Arsene's got it spot on. Mourinho spoke out rashly, and when he thought about it afterwards, I presume he would've been embarrassed. Wenger was calculated with his reply and won the battle."

HOW HE'LL TRY TO BEAT MOURINHO!

"If I were Wenger, I'd flood the midfield, pushing players out into the wide positions. These players wouldn't just be there to attack, though. They'd have a big responsibility to deal with the attacking full-backs Jose loves to use."

WENGER'S TACTICAL NOUS!

"It's easy to work out Wenger's tactics – they're always the same! It's all about passing and moving. He'll rarely change it in the game either. I beat them once with Sheffield United. We had Jagielka in goal but knew what they'd do and held on."

THERE ARE TWO SIDES TO WENGER!

"I'd never had a drink with Arsene after a match before, but after a game against him at the Emirates, he invited me and my kids into his office. He posed for pictures and gave the kids a lot of time. Off the pitch, he's a really nice guy!"

WENGER

Warnock's verdict!

"Because the stakes are so high, it's got all the hallmarks of being a classic contest. Chelsea have home advantage, but they also have the best defence which, for me, sees them sneaking a goal and holding onto their lead. Chelsea's Eden Hazard is the player to watch. He's been the best in the league by miles this year."

Arsenal and City's season starts now!

Lack of distractions can act as a positive!

CHELSEA BOSS Jose Mourinho said Liverpool look good for the Premier League title because they have no other distractions. And Arsenal and Man City are now in the same boat, Arsenal's FA Cup semi-final aside.

Both sides have to turn the negative of Champions League elimination into a positive and claw back points on league leaders Chelsea. They've known this for a while, though – both were as good as out of the Champions League before the second leg.

Chelsea look good to go through in the Champions League, so will have Europe on their minds going into the final games of the season – something the Gunners and City don't have to worry about now!

ETIHAD AIRWAYS

"Honestly, Mezut, do you have to copy everything I do?"

Sherwood had to slate team!

TIM SHERWOOD had to lambast his players after their hammering against Chelsea. He knows he has to produce the goods or he won't be Spurs boss at the end of the season. All he did was let the fans know that he's pressing the players who aren't performing.

Sherwood really wants the job on a long-term basis, but it doesn't look likely. But maybe if he turns it around and bags a European spot, Spurs will keep him on – even with Louis van Gaal sniffing around.

"Two sugars, please, coach. I'll be in in a jiffy!"

Expect a photo finish for drop!

THERE ARE ten teams that can go down, each with almost the same number of games left to play, so it's going to be quite a finish in the Premier League. It only takes two or three wins to really flip the table on its head – well, the bottom half of it, at least.

I fear for Fulham, though. They've made managerial changes but it's all too late. Felix Magath hasn't inspired a change of fortunes and has very little time left. I think West Brom will also regret changing managers. They don't look inspiring either.
